## COUNTY COMMITS \$2 MILLION

The Valencia County bond issue approved by voters in August 2018 will commit \$2 million in Valencia County funding to the Interstate 25 Interchange/East-West Corridor Project.

## TEXAS COMPANY WILL MANAGE RAIL PARK

The Central New Mexico Rail Park is close to being open for business west of Interstate 25 in Los Lunas.

Park developer RIO Real Estate Investment Opportunities, LLC, has signed an agreement with Black Gold Terminals to manage operations at the rail park.

Black Gold Terminals, a premier transload service that provides customers with on-demand switching, loading, and unloading, is a subsidiary of Blacklands Railroad of Texas.

On Dec. 28, 2016, ground was broken on the 1,400-acre rail park site in the San Clemente Land Grant area.

In summer 2017, Burlington Northern Santa Fe Railway Company certified the site. A rail switch and spur were built so rail cars can enter the property.

Rail tracks are being extended into the park and developers expect the tracks to be ready for operation as early as December and no later than the first quarter of 2019.

Los Lunas has received a \$1.3 million U.S. Department of Commerce grant to install a 21,000-foot potable water pipeline that will run along N.M. 6 to the western edge of the village and the 1,400-acre Central New Mexico Rail Park.

## LOOK. LISTEN. LEARN. FIRE SAFETY

Today's home fires burn faster than ever, points out Los Lunas Fire Chief John Gabaldon. In a typical home fire, you may have as little as one to two minutes to escape safely from the time the smoke alarm sounds.

Knowing how to use that time wisely takes planning and practice.

The Los Lunas Fire Department has teamed up with the National Fire Protection Association (NFPA), the official sponsor of Fire Prevention Week™ for more than 90 years, to promote the October 7-13, 2018 Fire Prevention Week campaign, "Look. Listen. Learn. Be aware. Fire can happen anywhere™."

"Working in the fire service for many years, we know that people often make choices in fire situations that jeopardize their safety or even cost their lives," said Gabaldon.

He adds this year's "Look. Listen. Learn." campaign highlights three steps people can take to quickly and safely escape a fire:

- Look for places fire could start
- Listen for the sound of the smoke alarm
- Learn two ways out of every room

Fire safety messages apply to virtually anywhere.

# RECYCLING GLASS INTO WINDOW TREATMENTS

Although the items the Village takes for recycling has changed recently, glass is still collected and a lot of it is being used to create window treatments.

Four items create the window treatment – Lucite, clear ground glass, alcohol ink, and E6000, a bonding adhesive.

Volunteers are currently creating the treatment being placed in the windows of the Peralta United Memorial Methodist Church sanctuary.

Los Lunas resident Sylvia Regelbrugge figured out how to use the village's recycled glass. So continue to recycle glass at the Village recycling center on Don Pasqual.
