REGIONAL TRANSIT FACILITY

A new Metro Regional Transit district facility is under construction on Lambros Loop on the east side of Los Lunas.

The facility will house district offices, parking for the district's fleet of vehicles, storage space, and a vehicle storage area. Construction of the building means consolidation of Rio Metro's services in Valencia County for the first time.

The facility is expected to be completed by the end of 2024.

The Rio Metro Regional Transit District is building a new transit facility in Los Lunas to support its Valencia County bus service thanks to a \$6 million grant from the highly competitive Section 5339(b) Bus and Bus Facilities program and an additional \$1.5 million in matching funds.

The project will include administration/ operations and storage buildings; staff, visitor and bus parking areas; utilities; drainage; landscaping; fencing and gates; security cameras and access controls.

Pending future funding, the facility will also feature expanded bus parking, a maintenance building, wash bay, and fuel island.

The new facility will enable Rio Metro to relocate its bus administration and operations from two at-capacity facilities leased from the Village of Los Lunas and shared with other Village services.

It will also give Rio Metro the ability to enlarge its bus fleet in future years and provide even more service to Valencia County residents. down the toilet.

MAIN STREET TRAIL

Fox Construction is creating a multi-use trail on the south side of Main Street / NM HWY 6 between Huning Ranch Loop (west) to Jubilee.

Construction will be performed between 7 a.m. and 5 p.m. Monday thru Friday until construction is complete.

This project will include pathway signage, striping, drainage, and lighting.

This project was awarded thru a competitive bid to Desert Fox Paving Inc for \$515,000. 80% of the funds will be reimbursed to the Village of Los Lunas thru the NMDOT Transportation Alternative Program (TAP).

COLD WEATHER PRIME TIME FOR WARM-UP THEFTS

The term "Warm-Up Theft" is a widely used term among car thieves to describe the stealing of a car that has been left running and unattended to "warm-up."

Many motorists are tempted to leave their vehicle running to warm up the interior prior to getting behind the wheel. However, this practice is one that causes two problems.

First, leaving a car unattended and running is a violation of the Village of Los Lunas Municipal Village Code Ord. 12-12-18, which can result in up to a \$500 fine and, second, the practice of leaving your vehicle running and unattended provides for a quick and easy target for car thieves.

Following these simple tips will help keep you from being left out in the cold.

- Never leave your car running or the keys in the ignition when you are away from it, even for "just a minute."
- Keep valuables out of sight or in the trunk. Purses, credit cards, and cell phones in plain view only help attract thieves.
- Always roll up the windows and lock your car, even if it is in your driveway, garage, or in front of your home.
- Never leave the vehicle title in your car. If stolen, it makes it easier for the thief to dispose of your vehicle. It can also make you a target for identity theft.

Books will be supplied by the library. Sign up at the front desk at the library.

Call the library at 839-3850 for more information.
