Volume 29 - Number 5 - May 2025

## BREAKING GROUND

Ground is expected to be broken in August 2025 on the second Interchange / Los Lunas Boulevard Corridor Project.

The new road will span from Interstate 25 on the west, coming across NM Hwy. 314, and ending at NM Hwy 47.

Included in phase one of construction is a new I-25 exit and interchange south of Main Street, a four-lane bridge across the Rio Grande, and a two-lane highway from I-25 to NM Hwy 47. Future phase two of the project, which is not yet funded, will add a second lane in each direction from I-25 to NM 47.

The project was originally set to begin in November 2024, but the start date was moved to Summer 2025 due to an unexpected delay in the bidding process. The Village Council approved the low bidder, El Terrero Construction LLC, in April 2025.

The budget for phase one of the project is approximately \$172 million with the bulk of the money coming from the Federal Highway Administration (FHWA) and the New Mexico Department of Transportation (NMDOT).

The Village has committed a total of \$18 million through a combination of general funds and State Investment Bank (SIB) loan funding.

## THE VILLAGE OF LOS LUNAS ADMINISTRATION DEPARTMENT

*The Village produces an annual report filled with handy information about what is occurring throughout the community and Village offices.*

*Over the next months the Village newsletter will run excerpts from that 2024 Annual Report which is available on the Village website [loslunasnm.gov](http://loslunasnm.gov).*

*This month we have the second-half of the information about the Village Administration.*

In 2024, the Administration Department took on a number of critical projects to improve communications between the Village and the public, effectively manage public records, and plan for future needs.

In May, after a six-month effort, the Village website was completely redesigned and relaunched, providing a modern and easy-to-navigate avenue for public information and community events.

Following the relaunch of the website, the department overhauled the public records inspection (IPRA) process by creating an online submission form for records requests and establishing a central point of contact for responses.

Finally, at the end of the year, the Village engaged with Wilson & Company to complete a Strategic Facilities Plan, looking at current and projected future staffing and facility needs in Village Hall and the Transportation Center.

The Administration Department was restructured this year to include the Economic Development Division, facilitating a streamlined process for supporting the Village's economic development goals.

Los Lunas saw continued growth while still supporting local businesses.

The New Business Luncheon Initiative, in partnership with the Small Business Development Center, provided quarterly opportunities for local entrepreneurs to connect with resources and agencies.

A new partnership with the Greater Valencia County Chamber of Commerce provides additional support for ribbon cuttings and other events. The division also worked to bring in new investment to the Village by responding to nearly a dozen leads on industrial property and submitting sites as Potential Recruitment Opportunities (PROs) through statewide and regional economic development agencies.

The Village's Economic Development Division also coordinated a number of new events in 2024, including a Job Fair & Career Expo and an Oktoberfest Celebration.

The Job Fair & Career Expo, was a resounding success, attracting over 50 employers and 300 job seekers, with numerous on-the-spot interviews and job offers, and the Oktoberfest celebration brought the community together to enjoy local food and entertainment in a family-friendly event.

## FARMERS MARKET NOW OPEN

The Los Lunas Farmers Market is scheduled to be open from 4 p.m. to 7 p.m. Tuesdays, May through October, weather permitting, in the area of Heritage Park on Lambros Loop.

The market provides shoppers with fresh locally-produced vegetables, fruit, honey, eggs, meat, bread, and more, in a friendly environment that supports the local economy, agriculture, and community.

Check with vendors on food cards accepted such as EBT and Fresh RX cards.

## COMMUNITY CONNECT HELPS FIRE SAFETY

The Los Lunas Fire Department is working with Community Connect, a program designed to improve the community's safety and emergency response.

All Village residents have access to this platform, which allows users to securely share valuable information with local emergency responders.

Community Connect enables residents to provide important property information (such as details about household members, pets, and unique access points) directly to the Los Lunas Fire Department.

This information helps ensure more effective and informed responses during emergencies, benefiting you and your loved ones.
