CELEBRATING 100 YEARS OF AMERICA'S MOTHER ROAD: ROUTE 66 AND ITS LEGACY IN LOS LUNAS

In 2026, the Village of Los Lunas will proudly join communities nationwide in celebrating the Centennial of U.S. Route 66—America's "Mother Road." legendary Established on November 11, 1926, Route 66 spanned more than 2,400 miles from Chicago, Illinois, to Santa Monica, California, connecting small towns, major cities, and generations of travelers in a new era of mobility and opportunity.

Before Route 66 became a national symbol of freedom and adventure, its earliest alignment passed directly through Los Lunas. From 1926 to 1937, motorists followed two routes through the Village on their westward journey.

One route carried travelers from Albuquerque to Isleta, then south along today's Highway 47 through Bosque Farms and Peralta, crossing the Rio Grande and entering Main Street. They passed Huning Mercantile—now Leftovers Etc.—before continuing along what is now Highway 6.

The second route guided travelers from Isleta down old Highway 85 (now Highway 314) beside the railroad tracks to Main Street, where Otero's 66 Service Station—today's Route 66 Smoke Shop—offered a final chance to fuel up.

During these early years, Route 66 brought commerce, tourism, and national attention to Los Lunas, local businesses supporting as visitors stopped for gas, food, and hospitality while crossing New Mexico's vast desert landscape.

Although the alignment shifted north to Albuquerque in 1937, route 66's footprint Los Lunas remains a treasured part of the community's heritage.

The Village continues to honor this history by preserving local landmarks and celebrating the road that connected small communities like ours to the wider world.

As we commemorate 100 years of Route 66, Los Lunas celebrates not only the highway itself but enduring resilience and the spirit of adventure, resilience, and community that has defined this iconic road for a century.

Here's to the Mother Road — and to the special place Los Lunas holds in its story.

FIGHT GRAFFITI IN LOS LUNAS

Graffiti and repairing the damage it causes costs the Village of Los Lunas precious tax dollars. Area properties can be devalued and business owners can lose customers from the negative image that graffiti generates.

Graffiti can send the message that a community is having problems, which is not good for that community. You can help reduce graffiti by immediately reporting all graffiti sightings. The faster graffiti is cleaned up, the less graffiti that appears.

Village graffiti removal paint crews are on the job five days a week to eradicate graffiti on public and private property.

The crews either remove graffiti through water blasting or use paint matching for graffiti paint-overs.

To report graffiti anywhere within the Village limits, call the Los Lunas Police Department at 505 865-9130 or fill out the Graffiti Removal Request form under Forms and Applications on the Village website, loslunasnm.gov.

When the form is filled out, both the Village Facility Maintenance and Solid Waste Divisions receive the form. Facility Maintenance deals with graffiti on Village-owned property and Solid Waste deals with all private property.

VILLAGE OF LOS LUNAS UTILITY DIVISION

It's a new year and we continue paying the bills for our homes and businesses.

The Village of Los Lunas offers Online Bill Pay for recurring monthly utility bills, including, drive-up and officer hour services Monday thru Friday from 8 A.M. to 5 P.M. (An after-hours night depository is located on the east side of Village Hall located at 660 Main Street.)

FREE TAX REPARATION AVAILABLE

Seniors and lower-income residents of Valencia County can have their 2025 tax return prepared by an AARP Tax-Aide volunteer beginning in early February 2026. Two locations will be available: the Fred Luna Multigenerational Center in Los Lunas and the Business Center in Belen. There is no charge for the service.

Richard Pincus, Tax-Aide District Coordinator for Valencia County, made the following remarks when asked how to take advantage of this service. "Taxpayers must first go to either location and pick up an Intake packet. Those will be available beginning January 15. Due to the high volume of demand for services, we require that taxpayers make an appointment. They can do so in Los Lunas when they pick up their packet. In Belen, they should call the client facilitator, Peggy, at (505)966-6803.

Pincus commented about the changes that taxpayers may encounter this year due to new provisions in tax law. "We anticipate a number of changes, and many will require additional documents. We will include a checklist in the packet for the taxpayer so that they can bring all the necessary forms with them."

The Fred Luna Multigenerational Center is located at 315 Don Pasqual Rd in Los Lunas. The telephone number is (505) 839-3853.

The Belen Business Center is located at 719 S. Main St. The telephone number is (505) 966-2567
