Los Lunas Police Department News Release

Los Lunas, NM – The Los Lunas Police Department has received reports of citizens having been stopped by police for verification of employment compliance with the state public health order.

We would like our community to know officers with the Los Lunas Police Department will not be conducting traffic stops for the sole purpose of verifying employment compliance with the state public health order.

While we recognize and respect the importance of this order, we have a duty to protect the constitutional rights of our citizens.

We also want to thank our community members for complying with the stay at home order and for the continued support of our department during these challenging times.

Questions regarding this new release can be directed to Detective DeAnda at 505-839-5646 or 505-238-2372.
