**2. RESOLUTION 21-03 – DECLARING THE INTENT OF THE VILLAGE OF LOS LUNAS, NEW MEXICO TO ISSUE TAXABLE INDUSTRIAL REVENUE BONDS IN UP TO SIX (6) SERIES IN THE PRINCIPAL AMOUNT NOT TO EXCEED SIX BILLION, SIX HUNDRED SIXTY-SIX MILLION, SIX HUNDRED SIXTY-SIX THOUSAND, SIX HUNDRED SIXTY-SEVEN DOLLARS (\$6,666,666,667) EACH IN CONNECTION WITH A PROPOSED PROJECT TO BE LOCATED WITHIN THE VILLAGE OF LOS LUNAS, NEW MEXICO FOR THE PURPOSE OF INDUCING GREATER KUDU LLC TO EXPAND ITS DATA CENTER CAMPUS AND RELATED AND SIMILAR FACILITIES LOCATED WITHIN THE VILLAGE LIMITS AND IN THE MANNER SET FORTH IN THE IRB APPLICATION AND THE PROJECT PLAN.**

**TAB**

**2.**

**ACTION REQUESTED OF COUNCIL:**

Approve or disapprove.

**BACKGROUND AND RATIONALE:**

The Applicant has filed an Industrial Revenue Bond Application requesting the Village to consider issuing industrial revenue bonds for the benefit of Greater Kudu, LLC. The Applicant anticipates that the project would consist of the construction and equipping of an expanded data center campus and related and similar facilities, specifically two data center buildings and if fully built out, a total of six data center buildings. The Applicant estimates the construction and equipping costs for the first two buildings to be in excess of \$800 million and anticipates that the project would support hundreds of construction jobs during the two-year buildout and 30 direct full-time employees following completion of the first two buildings of the project. The industrial revenue bonds would provide real property, personal property, gross receipts and compensating tax exemptions to defray part or all of the costs of the project which may serve to encourage economic development in the area. In return for the tax exemptions, the Applicant would agree to an annual payment in lieu of taxes for each data center building. The Resolution indicates the non-binding intent of the Village to proceed with the issuance of industrial revenue bonds for the financing of the project. The issuance of the bonds and the execution and delivery of any documents to which the Village would be a party remain subject to the review of the project by the Village. The bonds would be issued pursuant to the terms of an ordinance expected to be considered by the Village Council on or about March 11, 2021.

**3. AMENDED WATER/WASTEWATER AGREEMENT WITH NIAGARA BOTTLING ALLOWING NIAGARA BOTTLING TO EXPAND ITS PRODUCTION CAPABILITIES.**

**3.**

**ACTION REQUESTED OF COUNCIL:**

Approve or disapprove.

**BACKGROUND AND RATIONALE:**

On February 23, 2017, the Village and Niagara Bottling entered into an amended agreement for the provision of water and wastewater services to Niagara Bottling by the Village. That Agreement provides that Niagara is a regular customer of the Village water and wastewater services. In the February 23, 2017 Agreement, the Village agreed to supply Niagara up to 285 AFY of water. In order for the Village to supply Niagara Bottling with the amount of water as stated in the Agreement, Niagara Bottling transferred water rights it leased from PNM into the Village's wells. In the current Agreement, if Niagara Bottling desires to expand its production, Niagara Bottling is required to purchase and transfer consumptive use water rights into the Village wells in accordance with Paragraph 5 of the current agreement. Niagara Bottling has requested to expand its plant and is requesting the Village to agree to provide up to 650 AFY of water to them. Clayton TenEyck has completed an analysis of this request and its impact on the Village water and wastewater system. The proposed amended agreement requires Niagara to transfer suitable water rights into the Village's wells by lease to offset their water consumption. Niagara plans to secure these additional water rights with a lease from PNM.
