VLL/VC DWI Program FY21 Annual Report Highlights -- by Ms. Ginny Adame

- Ms. Ginny provided highlights from Ted Alcorn’s 7-part series, ‘Blind Drunk - New Mexico in Depth’. Ms. Ginny stated that the series was well researched and provided such important insight and statistics, it is important to share the rich information available. Additionally, the series highlights the importance of continuing to not only support the work being done by local DWI Programs, but to search for ways to continue to decrease alcohol related harm as far upstream as possible. It is highly recommended to read the series in its entirety.

Legislative Representatives Presentations Q & A Session:

- Vice-President Judge Chavez introduced State Senator, Ms. Liz Stefanics;
- Senator Stefanics joined us from Gallup, New Mexico, where she was attending a Behavioral Health Committee meeting;
- She shared that the State has financial resources for school-based health clinics which have been shown to be effective at prevention and early intervention; but schools need to advocate for the clinics to be introduced into their High Schools so the money can be allocated accordingly;
- Liquor excise taxes were not raised during the last Legislative session; however, she supports raising the taxes and seeing the money go to treatment and harm reduction programs. Both parties are in favor of seeing the money distributed as such;
- There is a need for Certified Peer Support Workers (CPSW), and UNM through the Behavior Health Committee, is encouraging individuals who fit the criteria to become certified;
- The Legislature is discussing an increase in Medicaid rates by 125% to pay professionals working in the field of behavioral health a competitive wage. National recruitment is also being done to attract those professionals to New Mexico, as well as incentivizing multi-language individuals;
- The credentialing timeline needs to move faster to get the professionals in the field;
- Information on what committees are meeting and what is on their agendas can be found by going to www.nmlegis.gov, then to Committees, then to Health & Human Services, then to Agendas, and finally to Handouts;
- A suggestion was made regarding the possibility of combining a number of our community meetings to format like is currently being done with 100% San Miguel where their DWI Planning Council meets along with their Juvenile Justice Board and health council providing a united voice for the mutually beneficial work being done;
- A suggestion for partnering for requests for Junior House Bill money for community projects that could support DWI programs was also made.
- Vice-Chair Judge Chavez and Ms. Ginny Adame, DWI Program Coordinator, thanked Senator Stefanics for taking the time to attend our meeting and for providing some insight to what may be coming up during the next Legislative session.

Filling Vacant DWI Planning Council Board Positions:

- No quorum. This agenda item will roll to the next meeting.

On-Going Updates:

District Attorney's Office – No one present.

Treatment – by Ms. Joann Cordova-Sanchez:

- Ms. Joann reported that Ms. Angela Ramirez did a review of their database from September 2014 to September 2022, and on September 1, 2022, their 1,000th client was admitted into treatment!
- Ms. Joann began working with the DWI Program in February 2018. Since then, 638 clients have been admitted, with 53 of those clients returning for treatment (not as a self-referral);
- MRT workbooks are used during the client's treatment. Once the client has completed treatment, some would like to continue with their counseling, so they are then inputted into the database as a self-referral;

Local/State Law Enforcement Update:

- Officer Ryan Gray with Los Lunas PD stated that checkpoints will be conducted in October and November. He is currently working on a grant proposal to allow for an increase in overtime pay rate for officers, to include those participating in the Underage Taskforce. Additionally, officers will be attending a training in San Antonio, Texas regarding 'Wolf Packs', which conduct Sat Pats rather than checkpoints because they are more effective. LLPD is lacking DWI officers and are seeking highly motivated and highly qualified officers.

YDI/Teen Court/Youth Coalition Update – by Ms. Victoria Flores:

- Lucas and Alonzo are training young teen attorneys;

- As mentioned previously, our Misdemeanor Compliance Monitoring Program has been recommended for Accreditation. The Program will receive its certificate during the Legislative session in January 2023;
- Compliance welcomes our newest Compliance Officer, Mr. Louie Sanchez, who comes to us with a background in detention. Louie will be attending Court Officer Basic Training (COBT) in September;
- Current caseload, as we near the end of the first quarter sits at 184, with 44 in warrant status;
- Ms. Lori attended the 2022 New Mexico Sheriff's Conference in Ruidoso, NM in August. The training obtained is very beneficial. The highlight of the training for Ms. Lori was participating in the Use of Force Virtual Simulator. The experience provided a whole new appreciation for our law enforcement partners.
