PO Box 1209

Los Lunas NM 87031

Office (505)866-2116 ext. 7703

Fax (505)352-7750

Practice An E.D.I.T.H. (Exit Drill In The Home)

- Develop a home escape plan that includes:
 - Two exits out of every room
 - An outside meeting place (tree, mailbox, etc.)
- Practice escape plan with every member
- Escape using the nearest safe exit
- Escape and exit away from smoke
- If room is full of smoke, crawl low to exit
- Teach all family members how to:
 - Call 9-1-1 in an emergency
 - (State your name, location & type of emergency)

Smoking Materials & Candles

- Never leave cigarettes or candles unattended
- Purchase and use ashtrays that have the center support feature
- Empty ashtrays into noncombustible containers only and water soak
- Never smoke in bed or when drowsy
- Place candles in noncombustible, sturdy holders
- Never leave candles unattended
- Keep matches and lighters out of reach of children

Heating Equipment & Fireplace

- Keep space heaters at least 3 feet away from all combustibles
- Never leave space heaters unattended, turn off while sleeping
- Replace furnace filters regularly
- Never use oven/cooking stove for home heating
- Clean lint from behind clothes dryer
- Install a spark screen on fireplace opening
- Have chimney inspected/cleaned annually
- Install a spark arrester on chimney
- Burn only clean, dry firewood
- Dispose of ashes in metal containers and soak with water
- Keep newspapers, other combustibles, and clutter away from water heater/furnace

Smoke Alarms

- Install smoke alarms inside and outside every sleeping area and on every level of your home
- Test smoke alarms once a month
(Hint: use a broom handle to reach & push test button)

- Replace smoke alarm batteries twice a year
(Hint: use each time-change as a reminder)
- Replace smoke alarm units every 10 years

Fire Extinguishers

- Purchase a multipurpose (ABC) extinguisher
- Teach your family how to use a fire extinguisher
(Use P.A.S.S.: Pull the pin, Aim, Squeeze, Sweep)
- Fight fire with a safe exit behind you
- Inspect extinguishers annually

Cooking

- Never leave cooking unattended
- Cuff sleeves and turn pot handles inward when cooking to avoid burn injuries
- If your clothes catch fire, Stop, Drop, Cover your face and Roll
- Never store combustibles in oven or on top of stove
- When barbecuing, move unit away from the house
- Dispose of coals/ashes in metal containers

Exterior

- Make sure your house number is visible from street
- Trim trees away from electrical wires
- Trim trees away from chimney and remove all pine needles and leaves from roofs, eaves & rain gutters
- Keep lawn/weeds mowed a minimum of 50 feet surrounding house, as well as debris and clutter
- Keep debris and clutter a minimum of 50 feet away from your house, this is known as defensible space and assists the fire department in saving your property should a fire occur.

Electrical

- Avoid overloading electrical circuits
- Inspect electrical cords and appliances for damage
- Do not tack cords to the wall or run them under rugs
- Maintain air space around electrical equipment, such as, TV, VCR, stereo, etc.
- Install additional outlets, by a qualified electrician, to avoid using cube taps/power strips and extension cords
- Extension cords are only for temporary use
- If you use a cube tap/power strip, use only the kind that have a built-in circuit breaker/surge protector
- Install GFI protected electrical outlets in all drops within 6 feet of a water source such as in restrooms and kitchens

Hazardous Materials

- Limit the amount of chemicals stored

- Dispose of and recycle household hazardous materials properly
- Store hazardous materials in proper containers with tight-fitting lids and correct identification labels
- Store hazardous materials away from heat sources
- Allow for proper ventilation when using flammable liquids and hazardous materials
- Gasoline and other fuels are only used as fuels for engines and proper appliances
- Put oily rags in metal containers with tight-fitting lids, not in a pile where they can spontaneously ignite
