

Starting September 1, 2018

We are requesting assistance from the loyal and dedicated recyclers. In supporting the changes that will take place within our recycling efforts.

Changes in what the Village of Los Lunas Recycling Center will accept are different than previous. We will now only accept plastics #1 and #2 and NO TRASH BAGS!!! of any kind will be accepted, in addition, NO CHIPBOARD/WAXBOARD will be allowed in the cardboard bins. (Any box with a waxy exterior).

The changes in recycling have come from the new rules and regulations set forth by China's Green Wall and the Green Sword. This has placed a strain on how the United States of America handles and processes recyclables.

Please visit our website at www.loslunasnm.gov for a complete list of our acceptable items.

Please find alternate methods of disposing items not found on the acceptable list.

NO PIZZA BOXES

Please visit our website at www.loslunasnm.gov for a complete list of accepted items
